Siepmann Family Statement
Karen, Jim, Martha, Paul and John

The past few months have been extraordinarily difficult for our entire family, and today's proceedings have provided no further comfort but only the feeling of more loss. We remain in complete unity and in support of one another, and continue to be overwhelmed by the amount of compassion the community has provided to our family.

Together, we will move forward with both our father and Richard in our prayers. Again, thank you for your ongoing respect for our family's privacy throughout these difficult days.
